CÓRDOBA - THE DOOR OPENS

Our travels into Spain have always included a visit to the amazing city of Córdoba, a city that typifies the titanic story of Spain and its many historical roots. In August we will be visiting Iglesia Palabra de Vida (Word of God Church), a congregation with a powerful vision to influence their city and its surrounding region. We want to encourage their leaders and families as they 'break out' into God's new thing.

OLD FRIENDS - A REAL PRIVILEGE

Typical of God's kingdom, our ministry only works through relationships and none are more enjoyable than those we hold with Ismael Parraga and his extended family which forms a backbone for Iglesia Bethel in Sangonera la Seca, near the city of Murcia. A short drive north will bring us to Callosa de Segura where our long-time friend and graduate of our Ministry School, Patrick Vine leads Iglesia Familia. We'll be ministering in both churches this month and we look forward to reconnecting with these good friends in good churches.

RISE LIBERIA TEAM AT WORK

RISE LIBERIA
Building God's Kingdom
through
Education &
Leadership Development
A 1Purpose Ministry of
Bill & Jean Davidson

Jean and I are blessed to be surrounded by some of the most dedicated and skilled younger ministry people we have seen anywhere

in the world and this is most evident at home in Church of The King where our Rise Liberia team is forming God's strategy for our future involvement in Liberia. The challenge is to assist this poverty-stricken nation practically without continuing the abject dependency which has become the fruit of generations of handouts in missions.

Our strategy will be to emphasize Christian Education. More news to follow soon.

THE BRIDGE A Christian Bar Mitzvah

Music, Drama, Audiovisuals, they've been part of our lives from the beginning and it doesn't appear

that God has run out of creative things for us to do to communicate the Gospel.

One of our latest productions is The Bridge Course, a six-part series for youth ministries who want to make a definite path for the transition of 'kids' into personal responsibility in their challenging teen-years. The course is tried and tested here at Church of The King and also The King's School. Six team-led classes include a video intro of the theme followed by interactive teachings and activities.

The Leader Kit Package includes everything you need to build a great experience for your coming generation. Contact us for more details
